INTRODUCING THE 1993 LIMITED EDITION AMERICAN EAGLE PROOF COINS.

Where art meets gold.

Exquisite artwork against a lustrous background. A magnificent combination. But these fine collectibles offer more than beauty.

Low mintages mean enhanced collectibility.

The 1993 American Eagle Proof Coins are especially attractive, because they feature extremely low mintages. Just 55,000 one-quarter ounce gold coins and 70,000 one-tenth ounce gold coins will be minted this year. Better still, the one ounce and the one-half ounce gold coins' mintages are a mere 50,000 each.

The four-coin set, a dramatic display piece.

With so few coins available, our handsome four-coin set offers added collectibility. In fact, we cannot even guarantee a minimum number of sets will be available, because some coins are also included in our newest product offering — The Philadelphia Set. Either of these sets will be officially sold out the moment any one of the individual coins sells out.

Complete your collection.

If you're a regular collector of American Eagle Proof Coins, you know the satisfaction of owning a complete set. If you're considering your first American Eagle, you're entering a time-honored tradition of quality and craftsmanship. You see, it's not enough that we use hand-finished dies and burnish our blanks to remove flaws. Every coin is carefully inspected by the United States Mint — to ensure you receive artistic perfection, year after year.

Your selection arrives ready for display in a handsome velvet case, accompanied by a Certificate of Authenticity.

The first Philadelphia Mint

The Philadelphia Mint today.

Specially created for 1993 is The Philadelphia Set. It includes the one-half, one-quarter and one-tenth ounce American Eagle Proof Gold Coins; the one ounce Silver Coin; and a special silver medal commemorating the 200th anniversary of the striking of the first official U.S.

coins at the Philadelphia Mint — all bearing the "P" mint mark. We plan to offer this unique collection only in 1993, the first year the silver one ounce coin is being minted in Philadelphia. Next year, the minting of the gold fractional coins will move from the Philadelphia Mint to the West Point Mint. You won't want to miss this special numismatic opportunity.

Dear Mint Customer:

One of my goals at the United States Mint over the past year has been to encourage our talented staff to creatively reach beyond the limits of our traditional offerings. I am proud of the results. Our limited edition coin sets offered earlier this year were enthusiastically sought by collectors. I hope you agree that we have hit the target again.

It gives me great pleasure to announce the 1993 American Eagle Proof Coins with the traditional favorites including the gold four coin set, but also with an exciting new collection, The Philadelphia Set.

The Philadelphia Set celebrates the bicentennial of the Philadelphia Mint and consists of the three gold fractional coins and the silver one ounce coin produced at the Philadelphia Mint in 1993. In addition, we have included a special bonus — a silver medal minted to mark this important occasion. This special Philadelphia Bicentennial Medal will only be available in The Philadelphia Set. Please review the enclosed brochure for all the details.

You will be pleased to know that despite the recent surge in the price of gold, we have held our prices. And for almost every coin, we have maintained last year's low mintages.

This offering presents yet another opportunity — the Persian Gulf Veterans National Medal. Our goal in offering this congressionally authorized bronze medal is to give everyone the opportunity to express their appreciation to the men and women

in our Armed Services for their dedication to duty and country in the Persian Gulf conflict. As mandated, the proceeds after costs will be applied to a fund that will in the future provide a silver version of the medal to all Persian Gulf veterans.

I hope you enjoy your 1993 American Proof Eagles and Persian Gulf Veterans National Medal, and I thank you for your continued interest in this fascinating hobby.

Sincerely,

A handwritten signature in dark ink, reading "David J. Ryder". The signature is fluid and cursive, with the first name "David" and last name "Ryder" clearly legible.

P.S. Based on the response to the new products offered earlier this year, I encourage you to mail your order early. Mintages are strictly limited.
